

Überspielung von Schmalfilmen der Formate Super8/Single8/Normal8

Effective from 1st february 2018

general Informationen			
<p>By transfer value we mean the scanning of the film. The output to miniDVD, DVD, VHS or AVI-DVD is calculated separately. The standard output medium is the DVD (without DVD menu). Should it tear when the film is played, a flat-rate adhesive fee will be charged.</p> <p>For any damage (i.e. tearing , hanging, etc.) Which could arise from original material, no liability is assumed.</p> <p>The average processing time is 14 days from receipt of the film coils.</p> <p>The prices are in Euro and include VAT. and any transport charges.</p>			
Transfer quality			
<p>Decisive for the imagine quality of the copied film, however, is the original! The final product depends on this.</p> <p>We scan directly from the surface of the film. This means that the image brightness on the whole image is the same (no hotspots). The image sharpness is almost as good as the original. The running speed of the transferred film is as in the original.</p>			
How do I find the right coil size?			
m	coil Ø	Playing time silent movie	Playing time audio movie
15	7,5 cm	3 min.	2,5 min.
60	12,5 cm	13 min.	10 min.
90	14,5 cm	20 min.	15 min.
120	17,5 cm	26 min.	20 min.
180	20,5 cm	40 min.	30 min.
240	24,5 cm	53 min.	40 min.
250	25,5 cm	56 min.	43 min.
<p style="text-align: center;">How do I calculate the total running time in minutes? You can use the following formula total number of the film meter x 24 / 18 x 10 / 60 Example: 1.500 m x 24 = 36.000/18 = 2.000x10 = 20.000/60 = 333,33 minutes</p>			

General Charge		
Configure coil	€ 2,90	per coil
Clean and preserve film (on request)	€ 1,75	per coil
Scanning value silent movie - Super8/Single8/Normal8		
Incl. individual DVD-menu (one separate menu item with title per coil) and a book cover with a cover	€ 2,25	per minute
Without DVD menu (movies are connected without separation) and standard CD	€ 1,85	per minute
Only scanning on miniDV or as AVI file on hard	€ 1,65	per minute
Scanning value audio movie - Super8/Single8/Normal8		
Incl. individual DVD-menu (one separate menu item with title per coil) and a book cover with a cover	€ 2,95	per minute
Without DVD menu (movies are connected without separation) and standard CD	€ 2,55	per minute
Only scanning on miniDV or as AVI file on hard	€ 2,35	per minute
Any surcharges		
Film gluing (should the film tear during the transfer)	€ 2,25	per splice
Rewind film because wrongly wrapped	€ 2,90	per coil
Dubbing with music provided by you	€ 38,-	per film hour
additional DVD-copy	€ 6,70	per DVD
Separate DVD	€ 6,70	per DVD
Output on the finished film on (values without material)		
miniDV	€ 12,50/cassette	max. 1 h per cassette.
VHS	€ 17,50/cassette	max. 4 h per cassette.
DVD	At scanning value inclusive.	max. 2 h per DVD
AVI-DVD	€ 12,50/per DVD	max. 15 min. per DVD
Other mediums on request
